

Rep. Lance Gooden:

Thank you for your presence here today. Appreciate your membership as well.

- Thank you, thank you very much.

Congresswoman Lee, my great colleague from Texas. It's great to be with everyone here today, and Madam Rajavi, this room is full of so many people that support you and the work you're doing.

I first met you in Albania at Ashraf 3 a few years ago, and I was so inspired by the people that I visited there and their stories, some very sad stories, similar to many of your stories here in this room, and we stand behind you. We firmly believe in your mission and what you're trying to accomplish.

Your 10-point plan is very reasonable and something that I believe all Americans would be behind if they truly understood it and took the time to read it. But I'll tell you, the people here in Congress, we are paying attention. We support this plan. We support the work you're doing, Madam Rajavi. I'm so honored to see you this morning, and we're looking forward to joining you someday in a very free Iran with all of your friends and family that are in this room.

So, thank you for the work you're doing. Thank you to everyone who's supporting these uprisings and the protests in Iran. Continue your fight and continue believing in the good that I do believe will prevail. Thank you again, Madam Rajavi.

Followed by thank you so very much and I will say my fellow Texan. Thank you very much. And I will say my fellow Texan as well, Congressman Weber, thank you so very much.
